CONTENTS

Legal developments: European Union

European Parliament

On 25 March 2021, the European Parliament agreed to new EU export rules on dual use items. It needs to be finally approved by the Council in order to enter into force. Available here.

European Commission

On 18 March 2021, the Corrigendum to Commission Delegated Regulation (EU) 2020/1749 of 7 October 2020 amending Council Regulation (EC) No 428/2009 setting up a Community regime for the control of exports, transfer, brokering and transit of dual-use items has been published. Available here.

On 3 February 2021, the Report from the Commission to the European Parliament and the Council on the implementation of Regulation (EC) No 428/2009 setting up a Community regime for the control of exports, transfer, brokering and transit of dual-use items was published. Available here.

Germany

On 29 January, BAFA published the notice on the "Introduction of electronic licensing in the field of foreign trade law from the 1st March 2021". Available here.

Legal developments: International

United Kingdom

On 7 April 2021, the "Strategic export controls: licensing statistics: 1 July to 30 September 2020" has been updated. Missing content has been added to statistical commentary. Available here.

On 31 March 2021, United Kingdom's Export Control Joint Unit and Department for International Trade published the Case study "Export controls on academic research", showing when an export licence may be needed in university teaching or research environments. Furthermore, on the same day they published the Guidance "Export controls applying to academic research", has been published. Available here.

On 22 March 2021, the Guidance "Exporting military or dual-use technology: definitions", first published on 18 March 2021, has been updated. Available here.

On 3 March 2021, the Guidance on Export controls: dual-use items, software and technology, goods for torture and radioactive sources has been updated. Available here.

Switzerland

On 24 February 2021, the "Information Leaflet on export of dual-use machine tools to the Russian Federation" from the State Secretariat for Economic Affairs SECO has been published. It defines inter alia the legal basis for such exports, the procedure for license applications and the reasons for denying them. Available here.

United States

Expansion of Certain End-Use and End-User Controls and Controls on Specific Activities of U.S. Persons; Corrections; and Burma Sanctions, 9 April 2021. Available here.
